Fresher

EXPERIENCE

PROJECTS

1. Madrone Art Bar website

https://muskan381.github.io/madrone.github.io/

I have implemented a static website where there are three pages Home, About and contact us. This is created using HTML & CSS.

2. iCoder website

https://muskan381.github.io/iCoder.github.io

I have implemented a static website where there are three pages Home, About and contact us. This is created using HTML & CSS.

3. TODOs

https://muskan381.github.io/todo.github.io/

I have implemented this project using JavaScript where you can enter and display your to-do items.

4. Calculator

https://muskan381.github.io/calculator.github.io/

I have implemented this project where you can make simple calculations. This is created using HTML, CSS & JavaScript.

5. Portfolio website

https://muskan381.github.io/portfolio.github.io/

This portfolio showcases my education skills and projects. This is created using HTML, CSS & JavaScript.
